# 4G Life Minder Safety Personal Alarm

Not confined to the home. Works across Australia within the 4G Telstra Mobile Network.

Detects falls, sends the GPS location if a person wanders from their home.

The Life Minder gives you complete freedom with safety knowing in an emergency such as a Fall, Pressing the SOS button or if the user goes Wandering the Life Minder will automatically call up to 8 family or friends including 000 or our Medical Monitoring Centre. It sends your GPS location using Google Map followed by a two-way handsfree conversation.

No need for a complicated mobile phone, NBN land line or internet, it is so simple to use and will give the family the comfort of knowing that their loved ones are protected. The User can even dial two of the programmed numbers from the Life Minder by simply pressing 1 button.

Once the Life Minder is activated it will automatically call up to 8 programmed numbers and continue until answered. No need to worry after that, the Life Minder takes control. It sends a SMS message to all 8 numbers with the reason of the call and its location using Google Map, followed by a telephone call. The first to answer can have a handsfree conversation with the wearer, it will continue to call until one of the numbers answers.

## Falls

Risk of falls can be fatal if not addressed immediately, The Life Minder will alert all contacts of the fall giving them the location of the wearer followed by a telephone call.

## Wandering

Dementia has become a major issue for many families if their parents have been diagnosed with dementia. Wandering from their home is a major concern that could result in a fatality.

The Life Minder will place a GEO fence around the home, if the person wanders passed this boundary it will immediately send out a SMS message warning them of the potential danger. The Life Minder will repeatedly send them a new location map where the Life Minder is. Any of the programmed numbers can call the Life Minder and talk handsfree with the user.

## Monitoring

There is no need for a costly monitoring centre, the Life Minder can be programmed to any of the family, friends or 000.

If there isn't any family or friends as an alternative we have our Medical Monitoring Centre which will take all of the emergencies and call an ambulance if required.

## Life Minder Service

The Life Minder is supplied with a Aldi sim card on the Telstra Network and fully programmed with the information supplied by the family. It will be fully charged and ready for use when delivered.

## On going customer support

Life Minder has a free call 1800 number for our service and customer support. The Life Minder comes with 12 months warranty, and a 14-day guarantee money back if not completely satisfied.

**The Life Minder is so easy to use  
with the ability to save a life**

**Get your life back and feel free again,  
go and play golf, fishing or your  
early morning walks**

- Step 1** Press the SOS button wherever you are, home or out in the community. In the case of a fall or wandering from home it will automatically raise an alarm.
- Step 2** The Life Minder will send a SMS message to 8 Family or Friends programmed mobile number giving its location using Google Map.
- Step 3** The Life Minder then phone calls all 8 programmed mobile numbers and will continue until answered.
- Step 4** When answered the mobile can talk to the Life Minder hands free.
